Date: 3-4-13

Subject: Reauthorization Of Authorization By Rule

To whom It May Concern,

I am here by requesting a five (5) year reauthorization of the Authorization By Rule (ABR) to allow continued operation of nineteen (19) injection wells located within Quil Ceda Village Tulalip Tribes. The original ABR was granted by EPA on March 17, 2003. February 7, 2008 EPA reauthorized the original ABR with an injection rate of, average rate of 300,000 GPD. This request is to maintain the average rate of 300,000 GPD with no changes to the original nineteen (19) injection wells.

Thank You,

Lukas Reyes
